

Hawthorne Uniform Guidelines

Hawthorne Elementary is proud to be a uniform school. Our uniforms create a sense of belonging, safety, and community.

Our uniform program serves students in three valuable ways:

Basic Need- Uniforms are a great solution to providing students with quality clothing to attend school each day. Uniforms support equality for all students regardless of their socio-economic status. When a student needs clean clothes, we can provide them with a loaner uniform while we wash theirs at school.

Sense of Belonging- Uniforms help create a sense of belonging for all students at Hawthorne Elementary School. When students put on the uniform, they are a part of our community. As a part of the community, they know we are here to educate them and support them through their early years. It ensures that students are easily identifiable and helps maintain a safe learning environment.

Promotion of Academic Scholarship- Uniforms are a clear and consistent reminder that education is important. When students are at school, they can focus on learning and focus less on what everyone is wearing in the classroom. This creates a calm learning environment.

Families can purchase additional uniform items at the following locations, in-store or online. These are some places that our families have shopped in the past: Target www.target.com, Old Navy www.oldnavy.com, Walmart www.walmart.com, Children's Place www.childrensplace.com, Amazon.com, Goodwill, Value Village, and other thrift stores.

For additional uniform information or assistance, please contact our office at (425) 385-4600.
