

Meeting Minutes 3/15/10

4:39

Spirit pit

Cleaning out what we need to bring for seattle and what we don't need to bring

Patrick design for robot improvement- poly carb to keep ball from getting stuck on corners of robot when against wall

-would have to move bumpers out

-we have .75 in left in our robot area

-good for ground clearance

-possibly bad gap, cover somehow

Go to the shop tomorrow at 4:30ish
