Unit 7: Best Buddies

Big ? : How do living things depend on each other?

Reading Comprehension Learning Targets

Analyzing Cause and Effect

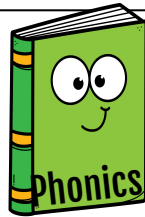

I can identify the cause and effect in a science article.

A **cause** happens **first** and this leads to a **second** event, which is an **effect**. The words "because" and "so" can sometimes show the reader that there is a **cause/effect** happening in the story.

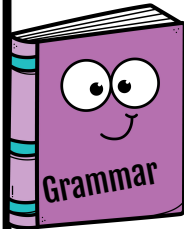

Assignment: Cause & Effect page on a science article

- Watch Cause and Effect Video
- Read science article, *Hurricane Hunters*
- Do Cause & Effect page
