

# Meet the Teacher

## about me

My name is Nicole McKeon, and I am so excited to be your child's third grade teacher! This will be my 6<sup>th</sup> year teaching and I have been at Emerson Elementary since 2019. As a teacher, I am passionate about giving students the tools that they need to be successful; not just in academics but in peer-to-peer relationships and emotional regulation as well. I work with students and families to help each child be their best self!

## education

In 2019, I graduated from Western Washington University's Woodring College of Education with a Bachelor's Degree in Language, Literacy, and Cultural Studies. I also received my teaching certificate with a reading endorsement and ELL endorsement. In 2021, I received my Master's Degree in Curriculum and Instruction.

Sport: hockey  
Animal: dogs and goats  
Movie: Disney movies and Barbie  
Subject: social studies  
Flower: peonies and hydrangeas  
Hobby: reading and paddleboarding

# 3rd Grade Information

## **Can I volunteer?**

Yes! We love having family volunteers in class! You just need to fill out the application to be an approved district volunteer. If you have already filled it out in previous years, it does carry over. Then just let me know when you would like to come in! You do also need to be an approved volunteer in order to chaperone on field trips!

## **Is there homework?**

I will be sending home a packet at the beginning of the week. These are activities that students can do at home for you to see what we are learning and for extra practice. These are not officially graded in my gradebook. But, students will be rewarded for turning in their homework packet on Friday!

## **How will birthdays be celebrated?**

Birthdays are so much fun and every student deserves to be celebrated! On their birthday, they will get a special birthday coupon to get one of our class rewards! They will also get special privileges throughout the day. I do ask though that you talk to me before sending in special treats. I need to make sure our class is allergy safe. Also, I don't want students and families to feel pressured to send in something if they aren't able to. If you are having a birthday party, you do not have to invite the whole class. But, if not everyone is invited, please have your students give the invites to me so that I can distribute them discreetly.

## **Can they bring stuff from home?**

Students are expected to come to school each day with their backpack, folder, lunch (if needed) and a water bottle. Things like toys, special items, games, and electronics (including cellphones) are not allowed to come to school. We do not want things broken, stolen, or distracting the learning. If you need to get in contact with your student, you can contact me or the office.
